THE VISIONARY

Maharishi Swami Dayanand Saraswati

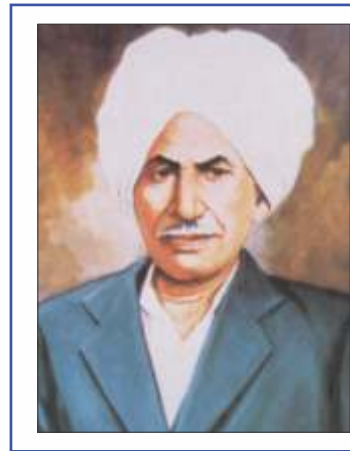

असतो मा सद्गमय,
तमसो मा ज्योतिर्गमय,
मृत्योर्माऽमृतं गमय ।

हे प्रभु, मुझे असत्य मार्ग से सत्य की ओर,
अंधकार से प्रकाश की ओर,
मृत्यु से अमृत की ओर ले चलिए ।

From Falsehood lead me to Truth,
From Darkness lead me to Light,
From Death lead me to Immortality.

THE INSPIRATION

Sh. Bahadur Chand Munjal

1886-1960

(in whose sacred memory the institution was established)

THE PIONEERS

The founder of Arya Samaj Movement Maharishi Dayanand Saraswati was of the view – “The main aim of education is to create human awareness so that they can understand the difference between the truth and untruth. Even by understanding if anyone does not practice it he is like a thief.” To incorporate the value of truth with knowledge, the founders of Arya Samaj Model Town, Ludhiana took up the initiative to establish a temple of learning for the new generation where holistic education based on the principles of Arya Samaj would be provided. Dr. Brij Mohan Lall Munjal laid the foundation stone of BCM Arya Model Sr. Sec. School at Shastri Nagar, Ludhiana on 2nd Oct., 1977. Sh. Sarup Narain Bajaj took the command of this ship of knowledge in his hands. A great freedom fighter Sh. Mohinder Pal Sayal carried the legacy forward.

Mahatma Satyanand Munjal took the reins in his hands in 1997. The school flourished to witness a new era of growth and fame with his enlightened vision until he breathed his last in April 2016. The institution took a giant leap towards global arena under the able Presidentship of Sh. Rajinder Pal Sayal, a freedom fighter and a patriot. Presently, Sh. Suresh Munjal ji has stepped in as the new President under whose guidance and leadership, the institution is sure to touch new heights.

THE SCHOOL LOGO

VISION

BCM Arya will promote excellence in educational endeavours at all levels so as to develop human resources which will meet the future challenges of the society.

MISSION

To impart Quality Education by providing a dynamic learning environment, inculcating universal values and developing global vision so that each child becomes a life long learner and takes initiatives for global peace, harmony and sound economy.

Sh. Suresh Munjal

President,
School Managing Committee

MESSAGE

*The biggest gift we are given
Is the power to touch a life,
To change, to make a difference
In the circle of life.
If we can reach out
With our hand, heart and soul,
The magic will start to happen
As the wheel begins to roll.
Let's turn the wheel together
To ensure humanity thrives,
We have the power and the magic
To serve to change lives.*

These are challenging times, and I compliment each of our efforts in grappling with Covid-19. No challenge is big for BCMites. The bigger the challenge, the more passionate the BCM Aryans. We are a Teacher to Student organization, and they are our greatest asset. They are the ones who dream big to bring good into the world through meaningful projects.

I appreciate and acknowledge the trust, parents have in us for enrolling their child with us for a better education. I extend my thankful wishes to all and promise that we will work harder for a better development of each child.

Dr. Paramjit Kaur
Principal

COMMUNIQUE

In this age of digital supremacy education systems are facing the dual challenges of equipping students with new knowledge and skills required to be competitive in global market while at the same time producing individuals who are responsible adults with a sound value system, good citizens both for their country and of the world.

Education is not just school's curriculum but 'Real Life Curriculum' where students are learning attitudes, value enhanced life skills and scientific knowledge. This helps learners to take decisions, solve problems, think creatively and critically, build healthy relationships, empathise with others, communicate effectively and manage their lives in a more healthy and productive manner. To connect the child to real life experiences practically will help them to unpack the dry knowledge of text books and learn to handle the complex puzzle called LIFE, handling all the challenges it throws towards them with care and panache and become proactive agents of transformation among global community.

Children must be

taught how to think, not what to think!!

Kindergarten.....

THE JOYFUL PRIMARY YEARS AT BCM ARYA.....

OBJECTIVES

- › Developing self-esteem and confidence in each child.
- › Developing life-skills.
- › Equipping with inter-personal and intra-personal skills.

ACADEMICS

- › Imparting a concrete foundation in the core subjects.
- › Assessment based on competition with oneself, not simply others.
- › Personalised learning.
- › Assessments are continuous and comprehensive.

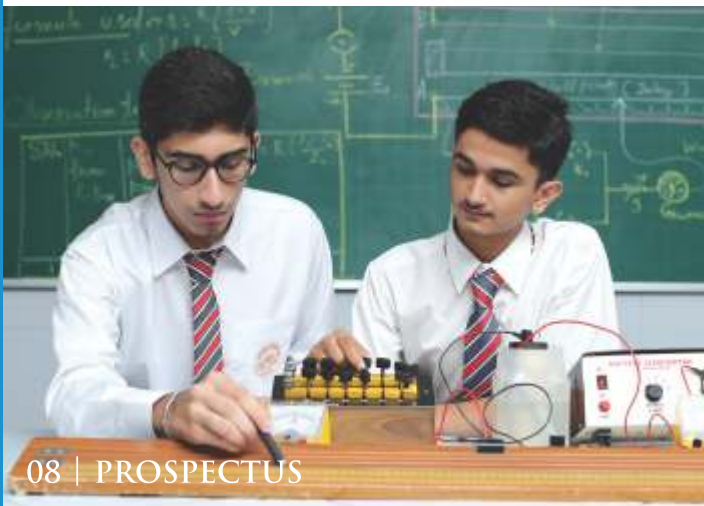

ENVIRONMENT

- › A motivating learning environment.
- › Value based education.
- › Wide exposure to diverse history and culture of India.

*“When we nurture
a child’s whole being,
we open doors
to endless possibilities.”*

LOGISTIC TEACHING AND BUILDING CONFIDENCE LEARNING BY DOING.....

To reinforce classroom instruction and to help nurture a scientific temper and the spirit of enquiry, the school has well-equipped laboratories. Students in all wings have access to all modern amenities and latest equipment. All latest gadgets, charts and models are available to facilitate students. All labs are well-planned, spacious and well lit.

Sophisticated Physics, Chemistry, Biology and Bio-Tech labs are there for senior students. The requisite precautions are taken to ensure the safety of the children when they conduct experiments in the Science Lab.

Maths Labs in both the junior and senior wings are well organised with a large number of mathematical tools which enable the students to clarify all their doubts and to get rid of hackneyed ways of learning Maths.

Computer Labs with latest educational software are there in Kindergarten, Primary, Cambridge International, Middle and Senior Wing including :

- * FMM Lab
- * Mass Media Lab
- * Robotics Lab
- * Information Technology Lab
- * Informatics Practices Lab
- * Lab for Staff with 24 hours internet service

WELL-STOCKED LIBRARIES – THE KNOWLEDGE HUB

The school promotes culture of exploring, assimilating and deducing by exercising one's grey matter for personal and intellectual growth. The School Libraries have more than 30,000 selected books which include encyclopedias and reference books on various subjects. Magazines pertaining to the interests of the teachers and the students, different newspapers in various languages including weekly newspapers especially meant for kids add charm to the knowledge hub and cater to the young minds.

Maths Lab is equipped with NIIT Nguru MathLab and GPS software to enhance Teaching Learning Process.

ROBOTICS LAB

Robotics Lab introduces children to programming, increases their creativity by combining it with critical thinking, thus, prepares them for their future.

“The library is an arena of possibility, opening both a window into the soul and a door onto the world.”

“A library is a place vibrating with ideas.”

*"Dance

“Leadership is the capacity to translate vision into reality.”

HOLISTIC EDUCATION THROUGH SPORTS

Alongwith the mental health, the physical health of the students is also well taken care of. We provide the students outdoor as well as indoor games. There is arrangement for :

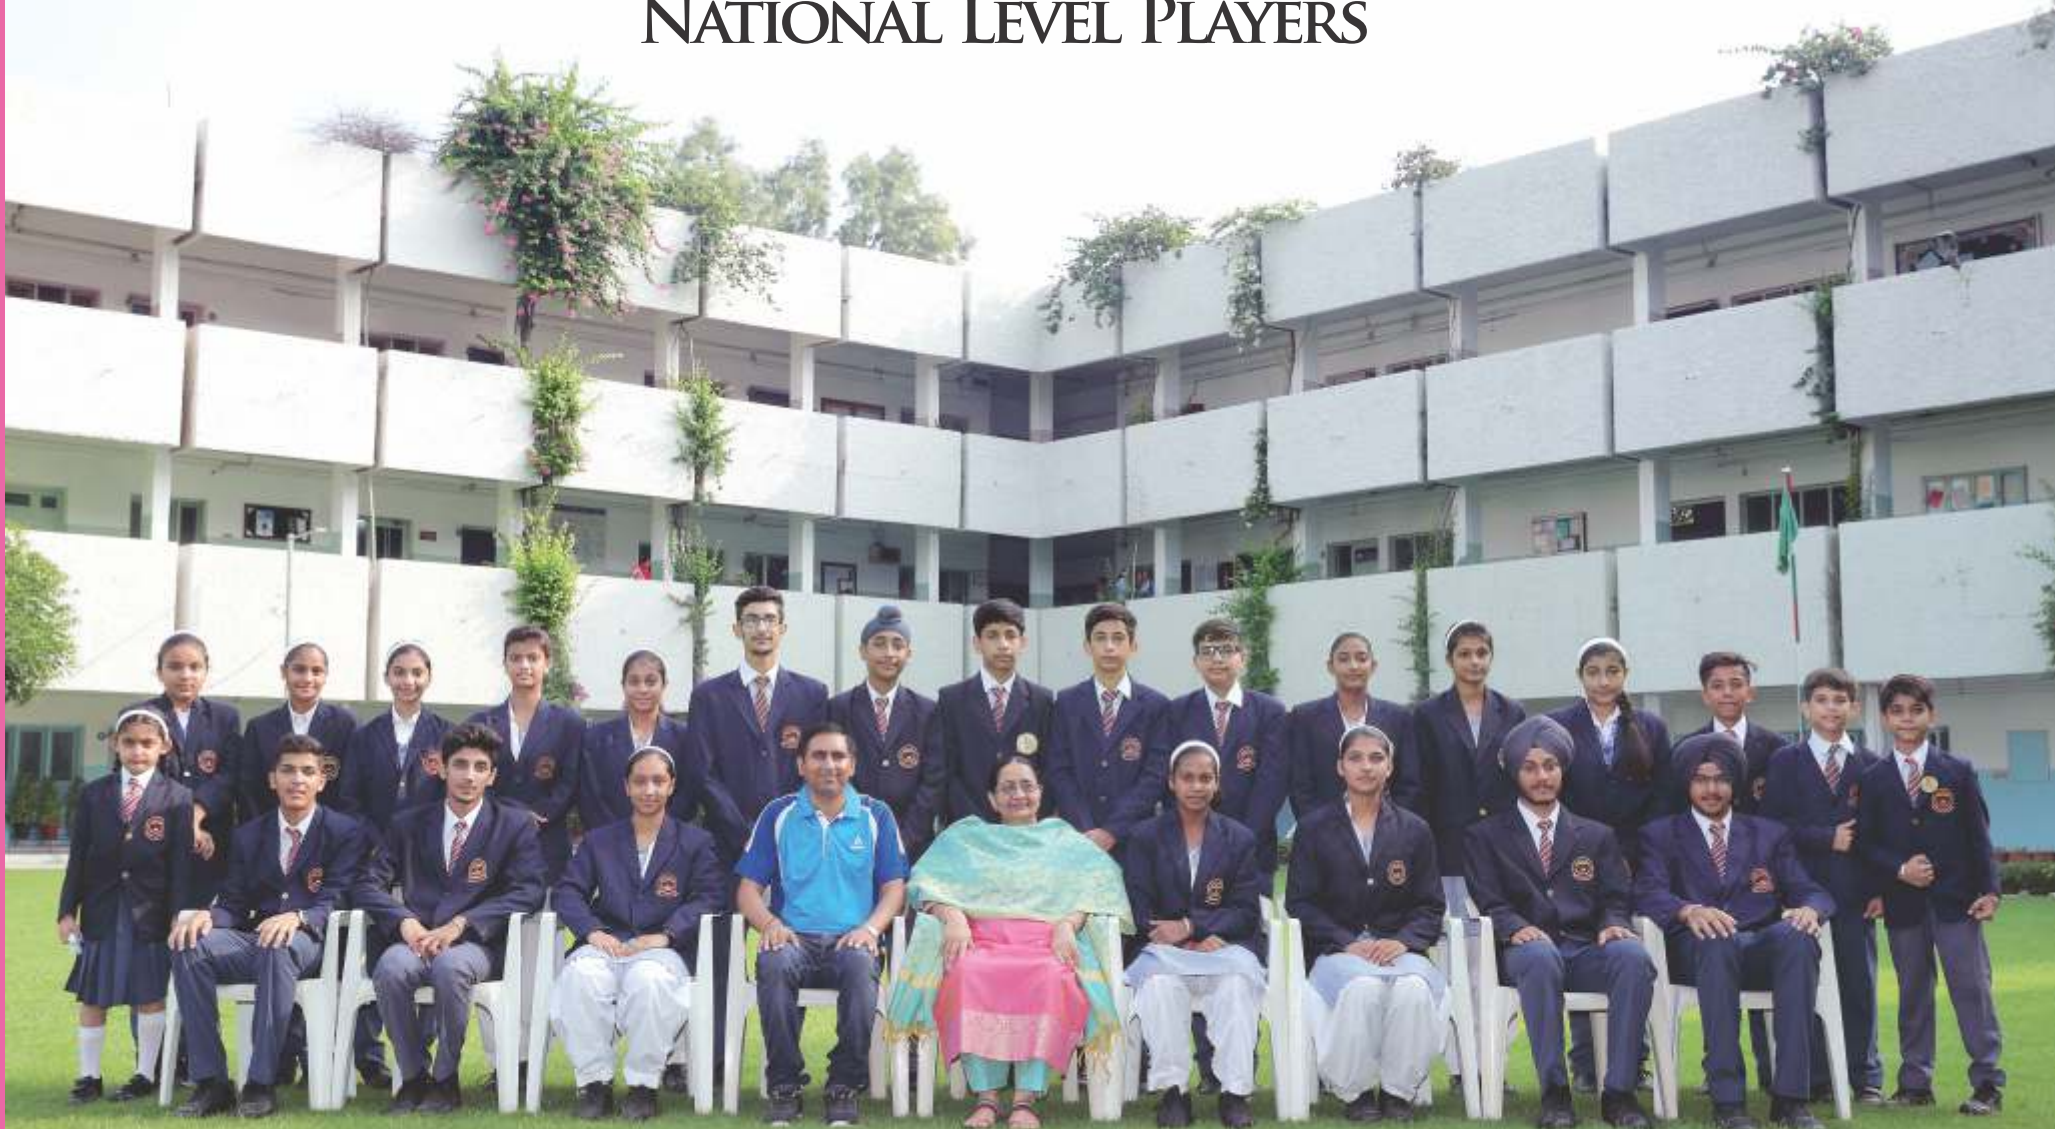

- Badminton
- Table Tennis
- Lawn Tennis
- Basket Ball
- Hand Ball
- Cricket
- Shooting
- Chess
- Gymnastics
- Taekwondo
- Yoga
- Athletics
- Football
- Base Ball
- Skating
- Judo
- Soft Ball
- Karate
- Swimming
- Gym
- 200 Metres standard track with arrangement for track and field events in stadium.

School came to his rescue 12वीं बोर्ड रिजल्ट में सभी स्ट्रीम्स में लड़कियों की बल्ले-बल्ले

MANAV MANDER
LUDHIANA, MAY 6
There was a time when Jasandeep, a student of BCM Senior Secondary School, had lost all hopes of studying further. After a financial crisis struck his family, Jasandeep was thinking of leaving school, but then, his school came to the rescue.

Jasandeep Singh scored 82.5 per cent in non-medical stream out of difficult times. "He is a good student and scored 86 CGPA in Class X. He was about to quit the school, as he was unable to afford the fee," said Paramjit Kaur, principal of the school. "I did not tell anything at school and simply sat at home. One of my teachers, Vandana Mathur, called me and asked me to come to school. At a time, when I was thinking of leaving my stud-

Disability no bar for Jasleen Kaur

TRIBUNE NEWS SERVICE
LUDHIANA, MAY 6
Jasleen Kaur of BCM School has scored 92 per cent marks in Class-X exams. She is suffering from Locomotor Disability. Her fingers of hands and feet have not developed and she can write only with her thumb and little finger. But this disability has not deterred her from performing well.

"Talking to The Tribune, Jasleen said she never felt inferior because of her disability. "Rather, I have taken it as my strength to prove the world that I can do and perform like any other normal human being. Secondly, I have not lost any tuition and study for 4-5 hours," she said.

Her father Maninder Singh, who is a businessman, said: "Once a child teased her for having 'broken fingers' when she was small. But then, we made her realise that this should not put her in low spirits and she should prove that she is better than others and she did. We are so proud of her. She is bubbly and a happy child, who never cries for anything and that is her strength."

On being asked if she felt any difficulty while writing with just two fingers, Jasleen said now, she was used to it and the speed of writing has also improved with time. She could compete with all batch mates as far as writing is concerned. "I thank all those who teased me as this has evolved me into a strong girl, who can fulfil her dreams," Jasleen said.

They know how to strike balance in sports, studies

Most of the time these students were seen on the field rather than in classrooms, but still they managed to pass their class XII exams with flying colours.

Meet Swati Malhotra from BCM Arys Model Senior Secondary School, a national softball player. A student of Financial Market Management (FMM), she has passed the exam with 92.4 per cent. "There was no choice when it came to sports or studies. I devoted full time to softball as well as to studies by managing my time strategically," says an elated Swati.

Swati's father, Raman Malhotra, is a banker and mother Meenu a homemaker.

Paramjeet Kaur, principal of BCM Senior Secondary School, says the school always encourages students to take up sports.

"Tanishq Singh, a state-level cricketer, has scored 88.3 per cent in the commerce stream. "Cricket is my passion as my aim in life is to become cricketer. I used to have practice sessions everyday morning, afternoon & evening," says Tanishq. With regard to his studies, he said "During the last three months before the exams, I skip my morning and evening practice se

Daughter of farmer tops city in medical stream

Continued from P1
Niharika said "During exam time, I had to spend night to sleep peacefully on my studies regarding on reporting all subjects with proper answers, so that I do not face any difficulty while attempting the exam. I have always been a topper in the Indian Foreign Service (IFS). I did not take a break from my studies even on holidays, and I would like to thank the IITM for its support in the past one year and did not touch a single phone. I always follow my mother, because she has been my mentor in every field of my life. I would like to become a software engineer and bring in new technology in the digital world."

In the commerce stream, Niharika, a student of DAV Public School (IBS Nagar), scored 96.6%, with her habit of studying until late in the night. She said: "I have followed in the footsteps of my school teachers and parents to achieve top scores. I participate in other school activities too, as I think overall development of every student is possible, when we go through each and every part of our school journey and learn from this journey."

Arushi Makkar from St. Ann's Convent School (IBS Nagar) has scored 96% and would like to become chartered accountant in the next few years. She goes to school for her passion to being a chartered accountant and doing business of study for several hours.
